

# Let My People Go

Will Smee

**B**  
Let My people go that they may serve Me  
**E** **B**  
Let My little lambs run with the flock  
**E** **B**  
Let My people go that they may serve Me  
**E** **B**  
And run with Me and just enjoy the day

**E**  
Tell them that I am so glad I found them  
Tell them I will never let them go  
Tell them I will make a way before them  
Tell them I said let My people go

**B**  
Let My people go that they may love me  
**E** **B**  
And yield themselves to me as offerings  
**E** **B**  
Let My people go that they may love me  
**E** **B**  
And lift their hands with joy to me and sing

**E**  
Tell them that I've made them new creations  
To worship Me in spirit and in truth  
Tell them all their sins have been forgiven  
Tell them I said let My people go

**B**  
Let My people go that they may know Me  
**E** **B**  
A just God and a friend to them I am  
**E** **B**  
Let My people go that they may know Me  
**E** **B**  
A Savior it was I who first loved them

**E**  
Tell them just how much that I have loved them  
I gave my Son so they could be set free  
Tell them that I paid their debt forever  
So they can live through grace abundantly
