

Let My People Go

Will Smee

capo 2

A
Let My people go that they may serve Me
D **A**
Let My little lambs run with the flock
D **A**
Let My people go that they may serve Me
D **A**
And run with Me and just enjoy the day

D
Tell them that I am so glad I found them
Tell them I will never let them go
Tell them I will make a way before them
Tell them I said let My people go

A
Let My people go that they may love me
D **A**
And yield themselves to me as offerings
D **A**
Let My people go that they may love me
D **A**
And lift their hands with joy to me and sing

D
Tell them that I've made them new creations
To worship Me in spirit and in truth
Tell them all their sins have been forgiven
Tell them I said let My people go

A
Let My people go that they may know Me
D **A**
A just God and a friend to them I am
D **A**
Let My people go that they may know Me
D **A**
A Savior it was I who first loved them

D
Tell them just how much that I have loved them
I gave my Son so they could be set free
Tell them that I paid their debt forever
So they can live through grace abundantly
